

NATIONAL BENEFIT BUILDERS, INC. (NBBi) HAS JOINED THE ASSOCIATION OF DISCOUNT DRUG CARD ORGANIZATIONS (ADDCO.)

The Association of Discount Drug Card Organizations (ADDCO) is committed to consumer protection and fair competition.

ADDCO's primary focus is to monitor the discount drug card field to ensure that the distributors of discount prescription drug cards act and conduct themselves in a way that is transparent and offers the greatest service to the user, the uninsured and underinsured, to save money on their prescription medications.

National Benefits Builders Inc.'s mission is to provide their clients and customers with the finest products, at the lowest cost, that will enhance their quality of life, as well as giving back to the community. In support of this mission, NBBi hold the highest rating with the Better Business Bureau (BBB).

What is a prescription drug discount card and what are its benefits?

The prescription drug card was established in response to the many requests for assistance for the uninsured and under-insured with their prescription needs. The prescription discount drug card saves the cardholder an average 15% on brand name medications, and 55% on generic medications. The prescription discount drug card is accepted at over 80% of pharmacies in the US and its territories, including Puerto Rico. Anyone can use the prescription discount drug card, regardless of age or income. The prescription discount drug card can allow someone to fill a prescription when they may normally go without.

- The card is free, active, ready to use, and never expires!
- It is a bearer card – whoever has it can use it.
- One card can be used by an entire family.
- There is no collection of personal information ever; no application necessary.
- Does not have any restrictions for use, except that it cannot be combined with insurance.

Visit: www.ADDCO.ORG for additional information about ADDCO and the many benefits available through their Association.
