CONTAMINATED CBD: Why you want to buy it legally.

With Statistics Canada reporting 578,000 new cannabis users in the last six months in its National Cannabis Survey, findings in a U.S. study are troublesome for those who buy CBD products online," (Cannabis 2.0 could bring in 10x that in new users)

"That's disconcerting given a recent U.S. study by LegitScript that examined products from 300 online CBD merchants and **found 98% were non-compliant with at least one regulation, Bloomberg reports.**"

Eventually Black market will cut even more corners and use more fillers (like the vape scare crisis) to cut costs for profit at the expense of peoples health and it will take some time but slowly, it will be eradicated

"The OCS also noted products sold by licensed retailers have been tested rigorously and the label accurately reflects the content of the product". (People need to start to spread this message and with media help like this it will help eradicate black market more and more)

TESTIMONIALS

FROM THE FIELD

This is fantastic, Mary! I will tell you that personally this is the best discount card I have seen! My son requires the medication Concerta and I have been having to buy him a different medication because I could not afford \$400/month! It looks like there's a HUGE savings on that with this card! This will be a HUGE help to a lot of our patients!

PRXP TESTIMONIAL

Dear Diane, person X can give you details, but to make a long story short, her sister has serious health issues and needs a PET test. Her insurance doesn't cover it but the Platinum Rx Plus program does. It will save her over **\$4,000!** **GREAT STUFF.**

TESTIMONIAL

Hi Dan,

Thank you for the email and your input as always! I am equally thrilled Dan for the savings on a drug like Lumigan - expensive!

I already shared my experience with three others for them to do the same. It's hands down the best RX program I've seen yet!

Thanks Dan and I think I would like details on perhaps the sales side vs just referring to you or the site. Busy week but when it calms down next week, I'll reach back out.

I love the ending quote!! Have a great day Dan.

Deane

HEALTH FAIR THANKS FOR THE PICS GEORGE!

If you are doing a health fair, we would be happy to send you at no charge: banners, table cloth and giveaways such as pens, erasers, pill boxes etc.
