The prescription card works great! We saved money on 3 out of 4 prescriptions for our family, even with insurance. We had a \$20 co-pay for prescriptions, but three of the four medicines needed were less than the co-pay by using the card - **T.L**

6 tablets of the generic version of Relpax 40mg cost over \$400 and through your MedAfford Global website, I was able to get 36 tablets of Relpax 40mg tablets for \$154.68. This would have cost my family over \$1,000 easy. Thank you again. - **Claire, IA**
